The Earth is nature. It cannot tell a lie, favor or support wrong thinking, wrong beliefs, or wrong lifestyles. It is 100% true and neutral. It obeys only the true God or true followers of God. It doesn't obey any other fabricated gods, followers of fabricated gods, or atheists.

The irrefutable proof of the above commentary is that there are hundreds of fresh dead bodies with fresh blood of Muslim martyrs and saints who have been preserved from decay in their graves for centuries and years without the use of any chemicals. When their graves were opened naturally or legally for any reason, we discovered them in the above condition. Our doctors have examined them, and there are thousands of eyewitnesses as well. We will not dig their graves for every person according to their personal desires because there are 5 billion non-Muslims in the world at this time.

So, if you are sincere about the truth but do not trust us, then contact us with your doctors, researchers, and media team to discuss the research on these fresh dead bodies. If you refute the above research, we will pay you 1 million dollars, and we will be ready to face any punishment from you in front of the world media. Otherwise, accept our research and enter in Islam. Do not judge Islam based on the actions of some bad Muslims because Islam is perfect, but all Muslims are not perfect.

According to my research, there are no fresh dead bodies with fresh blood of any atheists and non-Muslims that are preserved from decay under the Earth or on the Earth for centuries and years without the use of any chemicals. Therefore, it is 100% proof that there are no other gods except Almighty Allah, and the Earth (nature) does not support or obey any fabricated gods or followers of fabricated gods or atheists.

The air is nature. It cannot tell a lie, favor or support wrong thinking, wrong beliefs, or wrong lifestyles. It is 100% true and neutral. It obeys only the true God or true followers of God. It doesn't obey any other fabricated gods, followers of fabricated gods, or atheists.

The 100% proof of this is that if you leave intact the dead bodies of all soldiers who fought against each other in the name of their gods and religion intact on the Earth, only Muslim martyrs will remain in a fresh condition with fresh blood, while their enemies will decay.

There are two questions for all atheists and non-Muslims:

1. Why do the dead bodies of Muslim soldiers who are slain in the way of Islam remain in a fresh condition with fresh blood? And why do the dead bodies of all atheists and non-Muslim soldiers who are murdered in the way of their religions not remain in a fresh condition with fresh blood?
2. Why did God not preserve the dead bodies of your soldiers who sacrificed for Him, and why did the God of Islam, Almighty Allah, preserve the dead bodies with fresh blood of those Muslim soldiers who sacrificed for Him?

It is perfect that the Fire is nature. It does not have the capacity to save any human body from burning in it. So, if a Muslim goes in it without using any chemicals and he is immune to burn, then it will be a miracle and a 100% proof on truth of Islam. And, look how instransigents are the majority of atheists and non-Muslims that they do not agree to demonstrate such miracle and if we Muslims are ready to demonstrate such miracle (by the mercy of Allah) then they are not even willing to convert to Islam.

Dear atheists and non-Muslims, I ask you that if a Muslim goes in Fire without using any chemical on his body in front of world media and he is immune to burn in it, then will you all convert to Islam or not?

If yes, then fix a time, date, and place and start an announcement in the whole world because you are 5 billion and it is impossible that we enter in Fire for every atheist and non-Muslim to prove the truth of Islam.

The water is nature. Our claim is that it only obeys the God of Islam or only true followers of God of Islam. So please study following research and event that is proof on our claim

Prophet Moses and his followers (peace be upon them) were escaping from Egypt. When they reached the Red Sea, they prayed to Almighty Allah. Allah the exalted said to Prophet Moses (peace be upon him) to hit the Red Sea with his staff. When the Prophet Moses (peace be upon him) hit the Red Sea, then the sea split in two parts and they found the open path to cross the sea. So, the Prophet Moses and his followers (peace be upon them) crossed the sea.

The Pharaoh Ramesses and his army who were chasing the Prophet Moses and his followers (peace be upon them) reached the Red Sea. They found the open path, so they walked on dry ground following them, but when they reached the middle of the Red Sea, the sea joined back on them and they drowned in it.

After this event, Almighty Allah saved the dead body of Pharaoh forever as a sign for atheists and non-Muslims.

So according to the head of archaeology and anatomical scientists, Professor Maurice Bucaille (who converted to Islam after his research) and according to the Holy Quran, Pharaoh Ramesses died in the Red Sea following the Prophet Moses and his followers (peace be upon them).

For details on research of Professor Maurice Bucaille on this event please study “The Dead body of Pharaoh " in the article section on www.rightfulreligion.com.

Commentary on this event:

(1) This event is 100% true. So this event proves that there is existence of a God Almighty Allah (who is God of Islam and the God of Prophet Moses) because Prophet Moses (peace be upon him) hit the red sea via his staff by the order of Almighty Allah and the red sea obeyed the Prophet Moses (peace be upon him) and his God Almighty Allah.

(2) This event also proves that water obeys the God Almighty Allah and His true followers because when the Prophet Moses (peace be upon him) hit the red sea via his staff by the order of Almighty Allah, it divided in two parts and gave the way for Prophet Moses (peace be upon him) and his followers.

(3) There are some true Muslim followers of Almighty Allah who can split the red sea in two parts at this time too in front of world media by the order of Almighty Allah but only if 5 billion atheists and Non-Muslims will agree to convert to Islam.

(4) My challenge forever is that there is no other God except Almighty Allah who is the God of Islam. If anyone from non-Muslims claims that there is another God except Almighty Allah, then he should prove his God by only neutral, natural, practical and irrefutable miracles in front of world media.

(5) I also challenge forever that there is no atheist or non-Muslim who can claim that the water obeys or supports him.

References from Holy Quran:

Holy Quran, Surah 10, Verse 90-92

We took the Children of Israel across the sea: Pharaoh and his hosts followed them in insolence and spite. At length, when overwhelmed with the flood, he said: "I believe that there is no god except Him Whom the Children of Israel believe in: I am of those who submit (to Allah in Islam).

(It was said to him): "Ah now!- But a little while before, wast thou in rebellion!- and thou didst mischief (and violence)!

This day shall We save you in your body, that you may be a Sign to those who come after you! But verily, many among mankind are neglectful of Our Signs”

Holy Quran, Surah 41, Verse 53

We shall (continue to) show them Our evidence in the world and within their souls until it becomes clear that the Quran is the truth. Is it not sufficient for you that your Lord witness all things?

Holy Quran, Surah 7, Verse 179

We have destined many men and jinn for hell. They have hearts but do not understand, eyes but do not see. They have ears but do not hear. They are worse than lost cattle. These are the heedless ones.
